

WINTER | SPRING | SUMMER TIMETABLE

MUSIC NURTURES WHOLE SENSORY DEVELOPMENT WHILST
INSTILLING A NATURAL CURIOSITY TO LEARN AND BE CREATIVE

NEWBORNS | 0-1YRS

Nurtures attachment and musical play with gentle songs, baby babble, movement and instrumental play. Using live music our skilled musicians use In-depth activities to awaken babies earliest beginnings in neurone, motor and sensory development.

TODDLERS | 1-2YRS

The older baby is constantly moving, inquisitive and exploring early development through dance, sing-song and creative musical play with ribbons, puppets and instruments. Musicians enrich learning with orchestral instruments and imaginatively woven ideas.

RISING 2's - 3's | 2-3YRS

Increasing musical challenges help young children to play, sing and dance in more depth to different instruments. Musical adventures nurture the creative, independent self, and prepares each child for music appreciation with new instruments such as piano and ukulele.
